Re: PHILIP MORRIS INCORPORATED - New Brazilian
patent application No. 208.637, based on
U. S. application No. 728.140, filed
May 10, 1968, entitled: "SMOKING PRODUCT
AND METHOD OF MAKING THE SAME" -
Your ref. 582-534-Brazil

Gentlemen:

Further to our letter of May 5th, 1969, please be informed
that the above application was filed at our Patent Office on May 8,
1969 under Serial No. 208.637.

We are enclosing herewith:

- 1) the official filing certificate;
- 2) our relevant debit note;

and with the confirmation copy of this letter:

- 3) 1 copy of the specification and claims as filed;
- 4) 1 copy of pages 1, 29 and 30 to replace the ones sent
with our letter of April 16th, 1969;
- 5) copy of our debit note.

PRIORITY: The application was placed on file under the International
Convention, claiming the rights of the corresponding U.S.
application No. 728.140 of May 10, 1968. The priority document was
filed with the application.

Please be informed that all the titles contained in the
Englished specification were not included in the Portuguese trans-
lation. Further the word "disclosure" (line 3, page 1, 1st §) was
replaced by "invention", i.e. "This invention relates to a smoking
product and process for making the same."

./.

Please be informed that in accordance with paragraph 4 of Art.19 of the present Brazilian Patent Law, the Brazilian application must be accordingly amended, subject to nullity, should the corresponding foreign patent be restricted qualitatively or quantitatively in its claims, specification or drawings.

We shall keep you duly posted.

Very truly yours,

KLEBER AVILA PEREIRA
